

Special Announcements

PestWorld 2022 – a Week of Connections, Learning and Fun!

PestWorld 2022 in Boston was undoubtedly a successful week! We were able to pack a ton of productive educational sessions and fun networking opportunities into just one week. With over 3,700 attendees and exhibitors on a sold-out floor, Boston will go down in the record books as one of the top PestWorlds of all time.

Attendees got to attend two keynote presentations by award-winning actor and author John O'Hurley, and internationally recognized humanitarian Alex Sheen. These presentations were nothing short of eye-opening, engaging, and emotional.

Executive Leadership Program – Now Accepting Applications

It's your turn! Applications are now being accepted for the ELP class of 2023. The Executive Leadership Program (ELP) identifies and trains aspiring association leaders to establish a pipeline of engaged members that represents NPMA's diverse

membership. The two-year curriculum involves professional development, association training, monthly mentoring, and attendance at NPMA events.

The application process for the 2023 ELP Class will close on November 16, 2022.
